Resolution No. 10
of the Georgian National Communications Commission
5 December, 2006
Tbilisi

On Zonal Division of Local Broadcasting

Georgian National Communications Commission (hereinafter – Commission) based on 1 paragraph of article 40 and 11 paragraph of article 76 of Georgian law “On Broadcasting” **resolves:**

1. Zones of local broadcasting are: zone of a transmitting station servicing, zone of air broadcasting servicing and zone of the broadcasting license coverage.

2. The transmitting station servicing zone (hereinafter – the Servicing Zone) is a territory on the land, which is conventionally enclosed by the unity of marginal value points of the broadcasting level signal created by the station based on this territory.

3. Zone of air broadcasting servicing (hereinafter – the Broadcasting Zone) is a territory on the land, which includes one or several zones of a transmitting station and is conventionally enclosed by the enveloping of outlying servicing zones.

4. The broadcasting license coverage zone is a unity of one or several air broadcasting servicing zones, expressed by the license terms and conditions.

5. The Broadcasting Zones’ conventional outlines and contours are marked on the attached map of Georgia, creating integral part of this resolution (annex N 1);

6. The following settlements shall be included in the Broadcasting Zones:
